The Social Inclusion and Community Activation Programme (SICAP) 2018-2022 is funded by the Irish Government through the Department of Rural and Community Development and co-funded by the European Social Fund under the Programme for Employability, Inclusion and Learning (PEIL) 2014-2020.

SICAP

Galway Rural Development works with marginalised communities and service providers using a community development approach to improve people's lives. For example, this could mean helping people to find work or to up-skill, by providing CV training, a personal development course, helping them to prepare for an interview or helping them onto a workplace programme such as CE or Tús. GRD also works with community groups and provides training in such areas as Governance, Social Media, First Aid, Children First and Committee Skills.

Galway Rural Development also work with local community groups by providing other identified training and support to LCG's engaging with SICAP target groups in disadvantaged areas to build their organisational capacity to access SICAP Funding to improve the activities within the group. GRD also offer grants to LCGs.

Personal and well being courses have been a service offered to clients of Galway Rural Development both online and in a classroom setting.

The Social Inclusion and Community Activation Programme (*SICAP*) 2018-2022 provides funding to tackle poverty and social exclusion through local engagement and partnerships between disadvantaged individuals, community organisations and public sector agencies.

It is funded by the Irish Government through the Department of Rural and Community Development and co-funded by the European Social Fund under the Programme for Employability, Inclusion and Learning (*PEIL*) 2014-2020.

SICAP addresses high and persistent levels of deprivation through targeted and innovative, locally-led approaches. It targets and supports those who are disadvantaged in Irish society and less likely to use mainstream services and assists both individuals and groups.

The programme is managed by 33 Local Community Development Committees (*LCDCs*), with support from local authorities, and actions are delivered by Programme Implementers (*PIs*).

Galway Rural Development is the Programme Implementer for the whole county of Galway and is managed by the Galway Local Community Development Committee with support from Galway County Council.

The Five Ways to Wellbeing Are:

The five ways to wellbeing have been implemented throughout the world to help people take action to improve their mental and physical wellbeing.

1. **Connect:** Build Positive Relationships.
2. **Be Active:** Move to Feel Good.
3. **Notice:** Savour the Moment.
4. **Keep Learning:** Open Your Mind.
5. **Give:** Find Fulfilment in Helping Others.

When you engage in these positive steps it can change how you think, feel and behave, becoming emotionally more resilient and mentally stronger. The “*Five Ways to Wellbeing*” are simple, accessible and achievable for everyone...

The Five Ways to Wellbeing were developed by The New Economics Foundation (NEF) in 2008.

The theory conducted drew on state of the art research about mental wellbeing throughout life.

Connect

*Talk & Listen,
Be There,
Feel Connected*

It is important to connect with the people around you. Whether it be your family, friends, work colleagues, school mates, neighbours at home, or people in your local community. By creating and maintaining these connections it will support your mental health and prevent feeling isolated. Feeling close to, and valued by, other people is a fundamental human need. Social relationships are vital for supporting wellbeing and can help reduce the risk of mental illness. These are just a few tips and ideas on how to connect with people:

- Phone someone instead of sending a text message, Viber/WhatsApp/Facebook message or an email.
- Speak to someone new, it helps to get to know people.
- Ask how someone's day is and be mindful of listening
- Arrange to meet up for a chat with a close friend, family member or colleague
- Leave the mobile phone/ipad or laptop down when talking to someone.

Be Active

Regular exercise is extremely beneficial for the human body. It is also one of the most effective ways to improve your mental health. Regular exercise can have a profoundly positive impact on depression, anxiety, ADHD, panic attacks and much more. Exercise also reduces stress, improves memory, helps you sleep better, and boosts a person's overall mood. It is recommended that we should complete 30 minutes of physical activity everyday.

Therefore, stepping outside and going for a walk, run, cycle, has many benefits for our physical and mental health. Most importantly, you should try to discover a physical activity you enjoy and that suits your level of mobility and fitness. Exercise is also vital for slowing age-related cognitive decline and for promoting well-being. It doesn't need to be particularly strenuous to achieve results – slower-paced activities, such as walking, gardening, yoga, pilates etc can create positive social interactions as well as providing some physical and mental fitness benefits.

*Do what you can,
Enjoy what you do,
Move you mood*

Take Notice

Be curious and adventurous. Go outside in all seasons and savour all the changing seasons. Look around you and take note of the surrounding environment. Savour the moment, whether you are walking to work, school, eating lunch or talking to friends. Be aware of the world around you and what you are feeling. Reflecting on your experiences will help you appreciate what is important to you.

Remember the simple things that give you joy

It is important to take notice of the world around you at present as it can directly enhance your wellbeing. We often waste so much time worrying which can lead us to despair. We tend to waste a lot of time reminiscing about things in the past or planning for the future instead of enjoying the present.

Important steps that will help your well-being are as follows:

- Try to take a walk daily and make a conscious effort to take note of the surrounding environment as you walk.
- Be mindful of how others around you are feeling.
- Try to keep your area, home, surroundings clutter free.
- Take ten minutes out of your day to practice mindfulness and to breathe.

Keep Learning

Embrace new experiences, see opportunities, surprise yourself

Regardless of your age, culture, gender or if you are studying, working or retired, exercising the mind is a good strategy for protecting your mental wellbeing.

Learning new and challenging tasks can be difficult however trying something new and getting out of our comfort zones can be rewarding and over time, relaxing. The most important outcome is that we are taking an active approach towards looking after ourselves, particularly our mental health.

You should try set a challenge you will enjoy achieving. Learning new things make us more confident people and often it can be fun to learn new things. Continued learning through life enhances self-esteem and encourages social interaction among others which increases our chances of leading a happy and long lasting active life. Attending a night class or pursuing a new interest or activity is a great opportunity to protecting your wellbeing.

You should participate in an enjoyable activity like learning to play a new instrument, picking up a hobby/activity such as photography or engaging in formal/informal education such as learning a new language.

Give

Participating in the community such as volunteering has proven to help a person's wellbeing. Studies have illustrated that carrying out an act of kindness once a week over a six-week period is associated with an increase in wellbeing.

*Your time,
your words,
your presence*

Therefore, by doing something nice for a friend, or a stranger. Thanking someone. Smiling and Volunteering your time to help others can boost your wellbeing and self-worth.

Look out, as well as in. Seeing yourself, and your happiness, linked to the wider community can be hugely rewarding and creates stronger connections with the people around you.

Your time

Your words

Your presence

An 5 Bhealach Chun Folláine:

Tá an 5 bhealach chun Folláine curtha i bhfeidhm ar fud an domhain chun cuidiú le daoine gníomhú chun a bhfolláine meabhairshláinte agus fhisiciúil a fheabhsú.

1. **Ceangail:** Caidreamh Dearfach a Chothú.
2. **Bí Gníomhach:** Bogadh chun Aireachtáil go maith.
3. **Tabhair Nithe ar Aird:** Bain sult as an Uain.
4. **Bí ag Foghlaim:** Leathnaigh an Intinn.
5. **Roinn:** Sásamh a bhaint as Cúnamh a Thabhairt do Dhaoine eile.

Nuair a théann tú i mbun na gcéimeanna dearfacha seo, d'fhéadfadh siad mar a smaoiníonn tú, mar a mhothaíonn tú agus mar a iompraíonn tú tú féin a athrú agus de réir a chéile beidh tú níos láidre ó thaobh mothúchán agus meabhrach. Tá “5 Bhealach chun Folláine” simplí, indéanta agus tá teacht ag gach duine go héasca orthu.

D'fhorbair The New Economics Foundation (NEF) an 5 bhealach chun Folláine in 2008. Tarraingíodh ar ábhar ón taighde is déanaí sa teoiric a rinneadh maidir le folláine feadh saoil.

Ceangail

*Labhair agus Eist,
Bi Ann,
Braith Nasctha*

Tá sé tábhachtach go ndéanann tú ceangal leis na daoine atá timpeall ort. Bíodh sin do theaghlach, cairde, comhghleacaithe oibre, cairde ón scoil, comharsana sa bhaile nó daoine i do phobal áitiúil.

Tríd na ceangail sin a chruthú agus a choinneáil, tabharfar tacaíocht do do mheabhairshláinte agus cuirfear cosc ar mhothúcháin uaignis. Is riachtanas daonna é go n-airíonn muid gar do dhaoine eile agus go n-airíonn muid go bhfuil meas ag daoine eile orainn. Tá caidreamh sóisialta ríthábhachtach chun tacú le folláine agus is féidir leis an gcaidreamh sóisialta sin cuidiú leis an mbaol go mbeidh galar meabhrach ann. Seo roinnt nod agus smaointe maidir le mar a dhéantar ceangal le daoine:

- Glaoigh ar dhuine seachas teachtaireacht téacs, teachtaireacht WhatsApp/Viber/Facebook nó ríomhphost a sheoladh.
- Labhair le duine nua, cuidíonn le haithne a chur ar dhaoine.
- Iarr ar dhuine éigin faoin lá atá á chaitheamh acu agus bí cúramach go n-éisteannt tú leis an bhfreagra.
- Socraigh chun bualadh le dlúthchara, duine muinteartha nó comhghleacaí.
- Leag uait an guthán/IPad nuair atá tú ag labhairt le duine.

Bí Gníomhach

Déan an rud is féidir leat,
Bain suilt as an méid a dhéanann tú,
Bog do ghíúmar

Téann aclaíocht rialta go mór chun tairbhe cholainn an duine. Chomh maith leis sin, tá sé ar cheann de na bealaí is éifeachtaí chun do mheabhairshláinte a fheabhsú. Is féidir tionchar thar a bheith dearfach a bheith ag aclaíocht rialta ar dhúlagar, imní, ADHD, taomanna scaoil agus go leor eile. Nuair a dhéanann tú aclaíocht, laghdaíonn sé strus, feabhsaíonn sé an chuimhne, cabhraíonn sé leat codladh níos fearr agus cuireann sé go mór le gíúmar ginearálta an duine. Moltar gur cheart dúinn 30 nóiméad aclaíochta a dhéanamh gach lá.

Dá bhrí sin, nuair a théann tú amach ag siúl, ag rith nó ag rothaíocht téann sé go mór chun leasa meabharshláinte agus sláinte choirp an duine. Níos tábhachtaí ná aon ní eile, ba cheart duit féachaint le gníomhaíocht choirp nua a aimsiú, a thaitníonn leat agus a oireann do do leibhéal luaineachta agus aclaíochta. Tá aclaíocht ríthábhachtach ó thaobh meath cognaíochta atá bainteach le haois a mhoilliú agus chun folláine a chur chun cinn. Ní gá go mbeadh sé an-dian chun torthaí a bhaint amach – is féidir le gníomhaíochtaí a ghluaiseann ar aghaidh níos moille, amhail siúl, garraíodóireacht, ióga, pilates, srl., idirghníomhaíochtaí sóisialta dearfacha a chruthú chomh maith le buntáistí aclaíochta fisiciúla agus meabhrach a chur ar fáil.

Tabhair Nithe ar Aird

Cuimhnigh ar na rudaí simplí a thugann áthas duit

Bí fiosrach agus téigh sa seans. Téigh amach le linn na séasúr uile agus bain sult as na hathruithe a bhaineann leis na séasúir éagsúla. Féach timpeall ort agus tabhair ar aird an timpeallacht atá thart ort.

Bain sult as an uain is tú ag siúl go dtí an scoil, ag ithe lóin nó ag caint le cairde. Bí eolach faoin domhan atá timpeall ort agus faoi mar a mhothaíonn tú. Má smaoiníonn tú ar do chuid eispéaras féin, cuideoidh sé leat a bhfuil tábhachtach duit a thuiscint. Tá sé tábhachtach go dtugann tú an domhan atá thart ort faoi deara faoi láthair mar is féidir leis sin cur le d'fholláine. Is minic a chuireann muid am amú ag déanamh imní agus d'fhéadfadh sin éadóchas a chur orainn. Bíonn sé de nós againn am a chur amú ag dul siar ar bhóithrín na smaointe nó ag pleanáil don todhchaí in ionad bheith ag baint sult as an am i láthair.

Cuideoidh na céimeanna seo a leanas le d'fholláine:

- Déan iarracht chun dul amach ag siúl gach lá agus déan iarracht d'aon ghnó lena bhfuil thart ort a thabhairt ar aird de réir mar a shiúlann tú.
- Bí ar an eolas faoi mar atá daoine eile ag mothú.
- Féach le do limistéar, do bhaile agus do thimpeallacht a choinneáil saor ó thranglam.
- Leag 10 nóiméad amach gach lá chun aireachas a chleachtadh agus chun d'anáil a tharraingt.

Glacadh le heispéiris nua, deiseanna a fheiceáil, iontas ort féin

Beag beann ar d'aois, cultúr, inscne nó má tá tú ag staidéar, ag obair nó éirithe as, is straitéis mhaith í aclaíocht intinne a dhéanamh ar mhaithe le do mheabhairshláinte a chothú. Bíonn sé deacair tascanna nua agus dúshlánacha a fhoghlaim ach d'fhéadfadh sé a bheith tairbheach agus le himeacht aimsire, suaimhneach, nuair a thugann muid faoi rudaí atá dúshlánach dúinn. An toradh is tábhachtaí go bhfuil cur chuige gníomhach á ghlacadh againn chun aire a thabhairt dúinn féin agus ár meabhairshláinte ach go háirithe.

Ba cheart duit dúshlán a shocrú a mbainfidh tú sult as. Nuair a bhíonn muid ag foghlaim rudaí nua, bíonn muid níos muiníní mar dhaoine agus is minic a bhíonn spraoi ag baint le rudaí nua a fhoghlaim. Cuireann foghlaim leanúnach le linn an tsaoil le féinmheas agus spreagtar idirghníomhaíocht shóisialta le daoine eile, a chuireann go mór leis an seans go gcaithfidh muid saol gníomhach fada agus sásta. Nuair a fheastalaítear ar rang oíche nó nuair a thugtar faoi chaitheamh aimsire nó gníomhaíochta nua, deis iontach atá ann chun d'fholláine a chosaint.

Ba cheart duit a bheith rannpháirteach i ngníomhaíocht thaitneamhach amhail conas uirlis nua a sheinm, caitheamh aimsire nua a thosú amhail grianghrafadóireacht nó dul i mbun oideachas foirmeálta/neamhfhoirmeálta amhail teanga nua a fhoghlaim.

Tá sé cruthaithe go gcabhraíonn rannpháirtíocht sa phobal amhail obair dheonach a dhéanamh le folláine an duine. Léirítear i staidéar gur féidir le gníomh cineálta a dhéanamh uair sa tseachtain thar thréimhse 6 seachtaine folláine an duine a mhéadú.

Dá bhrí sin, trí rud éigin deas a dhéanamh do chara nó do strainséir, trí bhuíochas a ghlacadh le duine, trí mhiongháire a bheith ort nó trí do chuid ama a thabhairt chun cabhrú le daoine eile, is féidir leis na nithe sin cur le d'fholláine agus féinmhuinín.
